FIELD SERVED

ACCESS CONTROL & SECURITY SYSTEMS serves industrial/manufacturing, commercial, government (military and non-military) and institutional (public and private) end users of security and access control systems and products. Also served are consultants, system houses/systems integrators, architectural/engineering/contracting firms and electrical contractors/electricians that are specifiers of security/access control products/systems.

DEFINITION OF RECIPIENT QUALIFICATION

Qualified recipients include IT/IS and network management, security/access control management & personnel, facilities management, financial management and corporate management as reported in Paragraph 3a herein. Also qualified are developers, consultants, architects, planners, specifiers and engineers in the field served.

PURPOSE

This circulation statement contains an additional analysis of businesses and industries that are also among the Fortune 1000 of largest U.S. industrial and service corporations, including their subsidiaries by qualified circulation for the May 2007 issue.

Supplementary data is also reported for a multiple analysis of respondents who specify, recommend or authorize purchase of security/access control products and services.

This issue is equal to the average of the other 5 issues reported in Paragraph two.

SUPPLEMENTARY DATA FOR THE ISSUE OF MAY 2007

This is a multiple analysis of 89.0% or 33,792 respondents, who specify, recommend or authorize purchase of security/access control products and services. (See Questionnaire used to elicit these data on the back page of this report). Since any one respondent may have checked off more than one response, the totals for each of these products and services should not be added together as the total may exceed the total circulation. These data are presented for statistical and marketing purposes only.
